Pedestrian	120	230	1%	1%
Truck and motorcycle	400	420	2%	3%
Total	16,600	16,730		

Description

- The number of transit trips as a percent of the number of person trips, based on annual screen-line counts
- Screen-line: locations where trip counts are conducted
- Person trips: one-way trips made by individuals; includes trips by all modes of transportation
- Transit trips: one-way trips made by individuals on transit

Person with lead responsibility for this metric: Director, Public Engagement, Campus & Community Planning
 Data collection will be from: Transportation Planning Office
 Date: Annually in the Fall using 5 locations (Vancouver); Every two years (Okanagan)

Explanation of Results

75,600 (55%) of weekday person trips were public transit trips this year at the Vancouver campus. 4,720 (28%) of weekday person trips were public transit trips last year at the Okanagan Campus. Note: counts are done every other year only at the Okanagan.

This information is reported in the annual Transportation Status Reports produced by UBC Transportation Planning. They can be found online here: <http://transportation.ubc.ca/research-and-reports/transportation-status-reports/>

Recommended Action

Continue to advocate for rail rapid transit to the Vancouver campus to support transit users to and from campus. Continue to work with BC Transit to improve transit service and transit share of ridership to the Okanagan campus.
