| - Graduation rate | 73.5% |
| - Average years to graduation | 5.55 |
| Doctoral Course Based | |
| - Graduation rate | 85.2% |
| - Average years to graduation | 3.91 |

Description

Student Recruitment

The numbers are based on the number of applications processed.
Percentage noted is based on uptake of Offers to Acceptance (Registration).

Enrolment

The numbers are distinct counts of students enrolled as of November 1 each year

Retention Rates (Vancouver)

Masters Students: entering program of study between 2003 and 2006, with a maximum registration window of six years.

Doctoral Students: students entering program of study between 2000 and 2003, with a maximum registration window of nine years.

Left/quit rate: based on taking the # left divided by the cohort without transfer numbers

Graduation Rates (Vancouver)

Graduation rate is based on the grad numbers divided by the cohort without transfer numbers

Person with lead responsibility for this metric: Systems and Data Analysis Manager, Graduate Studies

Data collection will be from: Graduate Studies

Date: Based on academic year

Explanation of Results

Student Recruitment

Graduate education often begins by creating a relationship with one or more Faculty members who will become integral to the students time at UBC. As such, the application process may begin far before the student actually submits a request to apply to UBC.

Retention Rates

This information is based on an on-going study the Faculty of Graduate Studies does on Times to Outcome. All times exclude On Leave time.

Recommended Action
