UBC - Vancouver and Okanagan Total and International Research Funding

UBC - Okanagan Total and International Research Funding

Description

- Total research funding is from all sources and includes international.
- Total international research funding includes all sources external to Canada.
- Total research funding is the amount of funding per fiscal year. Grants awarded over a multi-year period are allocated in RISE into annual funding amounts.

Person with lead responsibility for this metric: Associate VP Research, VPRI

Data collection will be from: Director, ORS, and Associate Director, ORS

Date: Fiscal year April 1 - March 31. Data is normally finalized in mid-June.
